

The 13th Annual International Conference on Body Sensor Networks

The 13th Annual International Conference on Body Sensor Networks (BSN'16) will be hosted at the Mission Bay Conference Center in San Francisco, California, USA on June 14 – 17, 2016. The conference will address BSN research and offer participants the unique BSN forum to discuss the key issues and innovative solutions for sensor and systems development, math modeling, data management, interpretation and communications. The conference program will also feature high-profile keynote lectures, workshops, poster sessions and exhibitions.

All papers will be peer reviewed; accepted full-length (6 page) papers will appear in the Conference Proceedings and be indexed by IEEE Xplore and Medline/PubMed.

Please note that this invitation for participation does not, in any way, financially oblige either BNC'16 or the IEEE Engineering in Medicine and Biology Society (EMBS) for the expenses you incur for travel and conference attendance, and all conference participants are expected to pay the registration fees according to conference policy. If you are submitting a paper, you will have access to a more customized Invitation letter (to include your name and paper information) once your paper has been accepted.

Please visit <http://bsn.embs.org/2016/> to learn more. We look forward to your participation in BNC'16!

Sincerely,

Karl Friedl

BNC'16 Conference Chair
