## Exhibitor & Sponsor Prospectus

Porto, Portugal | Oct. 10-12, 2026

# About BSN 2026

The 22nd IEEE EMBS International Conference on Body Sensor Networks, under the theme “From Lab to Life: Scaling Intelligent Sensors for Personalized Health Ecosystems”, focuses on the critical transition from research to real world impact. As sensing technologies and data driven methods evolve, the challenge is no longer only to acquire high quality data, but to translate it into scalable, reliable, and clinically meaningful solutions across real life environments.

Developing such solutions remains highly demanding, involving planning, equipment acquisition, deployment, and often complex supply chains. This edition places particular emphasis on contributions addressing these practical challenges alongside scientific advances. Key questions include where we stand in research maturity, how to successfully translate innovation into real world health ecosystems, how sensing is evolving from standardised to personalised and adaptive solutions including edge implementations, and how increasingly sensor rich environments can be coordinated to effectively support health and life ecosystems. BSN 2026 provides a forum to explore these questions across sensors, systems, algorithms, and digital health applications.

The hosting institute, IEEE (Institute of Electrical and Electronics Engineers, Inc.), is the world’s largest technical professional society. Through its more than 400,000 members in 150 countries, the organization is a leading authority on a wide variety of areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power, and consumer electronics.

## Conference Chairs

Miguel Coimbra

José Principe

Björn Eskofier

## Technical Program Chairs

João Paulo Cunha

Leontios Hadjileontiadis

Ryan McGinnis

# Knowing your audience

## BSN 2026 in numbers

- 300+ Expected Attendees
- 24+ Countries Represented
- ~50% students

## Why exhibit ?

- **Connect and Collaborate:** Showcase your innovations to a global network of scientists and engineers, fostering partnerships and collaborations
- **Empower the Next Generation:** Meet and connect with the brightest students, shaping the future of the field
- **Drive Innovation:** Identify new opportunities to develop groundbreaking solutions by collaborating with startups and tackling unmet clinical needs
- **Spark Connections:** We'll provide a platform for seamless communication and collaboration throughout the conference
- **Embrace Challenges:** Together, let's push the boundaries of science and engineering by tackling complex problems

# Conference Location

## Alfândega do Porto – Floor 2 Conference Center

### About the Venue

BSN 2026 will be held at the Alfândega do Porto – Floor 2 Conference Center, a historic waterfront venue located in the heart of Porto. Originally a 19th-century customs house, the building has been fully renovated into a modern conference and exhibition space, combining heritage architecture with state-of-the-art facilities.

The venue offers flexible meeting rooms, a large conference hall and spacious networking areas, all within walking distance of Porto's historic centre and riverside district.

### About the City

Porto, the second-largest city in Portugal, is a dynamic hub where centuries of history meet a thriving ecosystem of innovation. Known for its "Invicta" (unconquered) spirit, the city has emerged as a major European center for technology and research, home to leading academic institutions.

As a UNESCO World Heritage site, Porto offers an unforgettable experience for international visitors, from the colorful Ribeira district and the iconic Dom Luís I Bridge to its world-renowned Port wine cellars. The city's strategic location and Francisco Sá Carneiro Airport provide excellent connectivity to the international community, making it an accessible and inspiring destination for global collaboration.

# Sponsor Packages

	Gold	Silver	Bronze	Exhibitor
	9000€	6500€	4500€	2500€
Tabletop	2	2	1	1
Free conference registration	5	4	3	1
Listed as exhibitor/patron on website and printed materials	✓	✓	✓	✓
Identified as patron on signs during conference	✓	✓	✓	
Identified as patron in electronic proceedings of technical papers	✓	✓	✓	
Industrial track speaking slot	✓	✓		
5-minute presentation slot during conference lunch	✓	✓		
Conference panel or workshop	✓
